MEMORANDUM FOR: Executive Advisory Group Members

SUBJECT : Executive Advisory Group Appraisal Session

We have scheduled an Executive Advisory Group (EAG) session for 3 February which we will devote to an appraisal of the EAG as a management body. I ask you all to give some thought to this beforehand so that we can share opinions on:

- 1) the extent to which we are meeting the five goals we set for ourselves;
- 2) the pertinence of the issues considered at the sessions;
- 3) the effectiveness of the sessions as problem-solving, decision-making forums;
- 4) the adequacy of staff support;
- 5) the ability of EAG to carry out its projected workload under current procedures; and
- 6) any suggestions you may have as to how we may achieve broader participation in the consideration of EAG issues and in the communication of decisions reached.
